About Me

To utilize my skills in front-end development and experience in React.js to build dynamic and responsive user interfaces. Seeking a challenging role that allows me to enhance my technical skills and contribute to the success of the organization.

Experience

Dec 2022- Present

Altius Technologies | Coimbatore Tamilnadu - 641011

Front End Developer

Key responsibilities:

- Develop and implement user-friendly web interfaces using React.js.
- Collaborate with cross-functional teams to design and implement new features.
- Write clean, efficient, and well-documented code.
- Optimize web applications for maximum speed and scalability.
- Stayed up-to-date with the latest front-end technologies and trends.

June 2019 - Sep 2022

Barani Hydraulics India Private Limited

Coimbatore Tamilnadu - 641011

Project Engineer

Key responsibilities:

- **Project Planning:** Developed and implemented project plans that defined the scope, schedule, and budget of projects. Worked with cross-functional teams to identify project requirements, prepare project plans, and monitored progress to ensure timely delivery.
- **Design and Development:** Designed and developed manufacturing processes, equipment, and tools that improved efficiency and productivity. Conducted feasibility studies and cost-benefit analyses to determine the best manufacturing solutions.
- **Team Management:** Managed cross-functional teams, including engineers, technicians, and machinists, to ensure projects were completed on time, within budget, and to customer specifications.

SKILLS SUMMARY

- Ionic Framework
- Angular Js

HARD SKILL

- Strong problem-solving.
- Ability to think creatively.
- Continuously staying up-to-date.
- Multi-tasking Passion for delivering high-quality work.

LANGUAGE KNOWN

- Tamil
- English

CERTIFICATES

- Front-End Developer Course Completion Certificate Awarded in 2022 by Qtree Technologies, Coimbatore

PERSONAL PROFILE

Date of Birth : 14th July 1998

Blood Group : "A1" Positive Marital

Status : Single

Working in : Coimbatore

Address : 4/11, JP Nagar,
Tiruppur-641603

Projects

Financial App – Ionic Framework

Used Skills

- Ionic Framework
- JavaScript
- Angular
- GitHub

"Developing a robust financial application with Ionic framework, our solution seamlessly combines the versatility of Ionic for cross-platform compatibility with powerful financial features. Users can experience a user-friendly interface, real-time updates, and secure financial management, making it an essential tool for effective personal finance control."

E-commerce website – React JS

Used Skills

- React.js
- JavaScript
- HTML5
- CSS 3
- GitHub

"An e-commerce website is one that allows people to buy and sell physical goods, services, and digital products over the internet rather than at a brick-and-mortar location. Through an e-commerce website, a business can process orders, accept payments, manage shipping and logistics, and provide customer service."

commercial Website – Angular JS

Used Skills

- Angular js
- JavaScript
- HTML5
- CSS 3
- GitHub

"Boasting a one-year anniversary, my professional journey includes spearheading a commercial website where I skillfully implemented React.js and JavaScript on the front end. This endeavor resulted in a user-centric platform that seamlessly combines dynamic content and responsive design, ensuring an engaging and modernized user experience. Leveraging React.js component-based architecture and the versatility of JavaScript, I successfully enhanced the site's performance, contributing to its robust and visually appealing interface. Reflecting on the past year, this project exemplifies my proficiency in utilizing cutting-edge technologies to create compelling online experiences."

I hereby declare that the particulars of information and facts stated here in above are true, correct and complete to the best of my knowledge and belief.
